2. Government Order No. R. 4014-6—R. M. 3-24-178, dated the 9th January 1925, sanctioning the grant of a loan of Rs. 6,000 to the Harihar Municipal Council, for providing model houses to the poor in flooded areas.

3. Extract from the Inspection Notes of the Offg. Dewan during his visit to Harihar, during the month of March 1925.

4. Letter No. 222, dated the 26th March 1925, from the Huzur Secretary to His Highness the Maharaja, stating that Survey No. 15 in Harihar Town is not required for the Palace and may be given away for forming the new Extension.

ORDER No. R. 6337-42—R. M. 3-24-246, DATED 21ST APRIL 1925.

Government observe that the work of shifting the population from the danger zone as per Government Order of the 8th August 1924, has been very slow in the Harihar Town. Survey Nos. 4 and 20 comprising an extent of 22.11 acres are proposed by local officers for the new Extension. But these lands are not situated in a compact block and are not otherwise suitable. Government consider that it would be desirable to locate the Extension in Survey Nos. 2, 1—1, and 1—2 and 15. This area is compact and the levels permit of the easy extension of the water supply. Of these three Survey numbers, Survey No. 15 being the property of the Palace, the Huzur Secretary was approached and he states that His Highness has been pleased to relinquish it for the formation of the extension. The Deputy Commissioner is requested to send up at once Declaration Statements for the acquisition of these numbers for the sanction of Government.

2. The Chief Engineer is requested to direct the Assistant Engineer, Sanitary Division, to proceed to Harihar at once and mark out sites, roads etc., for the new extension in the site above indicated. He may also be instructed to mark out a danger zone. The Deputy Commissioner, Chitaldrug District, is requested to intimate the amount that would be required for the acquisition. The lands will have to be taken possession of before award, in view of the urgency of the case and given over to the Municipal Council.

3. It is reported that no grant of free timber and bamboos was made at Harihar, owing to the delay in opening the extension. So far as Harihar is concerned, the concession of supplying the materials will, as already ordered, be continued till 1st July 1925.

4. The Municipal Council will be requested to grant sites free of cost to the poor and for others at a suitable upset price as per Government Order dated the 8th August 1924. No licenses should be granted to build houses in the danger zone. The old sites may however be allowed to be used by the owners for agricultural purposes such as stacking hay, growing vegetables, etc.
